SPRING 2026

## LETTER FROM THE VICE PRESIDENT OF DESIGN

Travel has always carried a certain irresistible charm: a chance to escape not only to new destinations, but into new versions of ourselves. Beyond discovery, stepping into new horizons has become an act of self-expression, a chance to reveal who we are as we journey through the world. And what better canvas for that story than fashion itself? This season, we celebrate the elegance of passage and the beauty of arrival. It stands as a reminder that style never takes a holiday but instead becomes our door to discovering new facets of ourselves and the landscapes we immerse ourselves in.

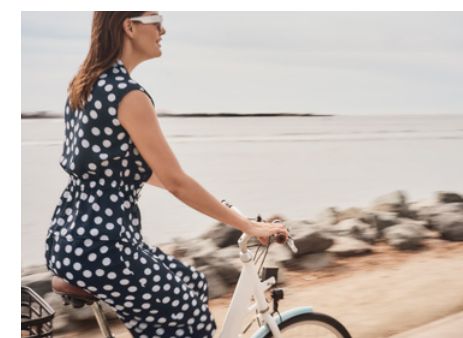

The Escape Issue was imagined for life's transient moments, with fashion as a companion wherever your path unfolds. Anchored in warm neutrals and lifted by a wash of blue and pink pastels, the season's palette balances timeless sophistication with playful lightness. Think soft separates that slip effortlessly from the vibrant rhythm of an airport to the calming stillness of a seaside café, or sculptural silhouettes that command Parisian boulevards, letting the city become your catwalk.

Tailored trousers crafted to hold their polish long after arrival, dresses that take you from sunrise to sunset, and prints that breathe with possibility, shaping into chic looks defined by your state of mind — each piece was designed to follow your lead, to awaken a sense of wonder and possibility in every escape you allow yourself.

The Spring 2026 Collection channels a spirit of discovery, crafted to move with you through every chapter of your journey. Every bold detail was considered to evoke ease in motion for all-day comfort, where contemporary design meets flattering fits, carrying you effortlessly from one destination to the next. With craftsmanship meant to last a lifetime, much like the memories it accompanies, each garment is sure to travel as beautifully as it wears.

## Perfection

Effortless.Elegant.Essential

Every impeccable look begins with an essential: perfectly tailored, endlessly versatile, and designed to feel as good as it looks. With a fit that always flatters and styles that pair seamlessly with tanks, blazers, and beyond, these pants form the foundation of a wardrobe that's decidedly not-so-basic.

Flowing from a slightly higher waistline, these classic wide leg pants drape with grace, and will naturally give the illusion of elongating the leg so you can take every step with effortless poise.
